New York City Department of Environmental Protection,
59-17 Junction Blvd.,
Flushing, NY 11373.

Attention : Deborah S. Fremder, Records Access Officer

Dear Ms. Fremder :

Re : Freedom of Information Law (« FOIL ») Requests
Log Numbers : 157894 and 158507

In response to your letters, dated each of 21 February 2017 and 06 April 2017,
I propose to restate the request as follows :

1/. *Within the geographic region in Manhattan bounded by Fifth Avenue, East 116th Street, the Harlem River, and East 96th Street for the period from January 1, 2014 through September 20, 2016, any and all records showing that there was performed either a partial or full replacement of a service line within the above geographic area and the above timeframe.*

2/. *Anywhere within the City of New York, any and all records showing : (a) the results of each of the Lead and Copper Rule tap samples taken during 2014, 2015, and 2016, including : (b) the dates when the tap samples were taken, (c) the addresses where the tap samples were taken, and (d) information on the Tier status of each site.*

Please let me know if you need to speak by phone this week so you can begin providing records as soon as possible. It may be possible to further refine the records being sought in #1/. if I can speak with someone in the relevant department to ask what the

NYCDEP has already done toward mapping or cataloguing the metal composition of service lines. That information may help point us toward more helpful, already-available information. Please e-mail me if we can set up a telephone call in the afternoon of either Thursday or Friday of this week.

Please also send records that respond to #2/. as soon as you have gathered them, without waiting for the records in response to #1/. above.

Please furnish all applicable in .PDF format via e-mail to :
louis.flores@progressqueens.com.

Sincerely,

A handwritten signature in black ink, appearing to read "Louis Flores", is centered within a light gray rectangular box.
